Re: People First v. Clover Bottom et al.
No. 3:95-1227/3:96-1056

Dear Judge Echols:

Enclosed is the promised supplement to the Panel's annual system review report on the Clover Bottom Developmental Center. This report complements the one dated April 22, 2008 and expands on the issue of community placement for CBDC residents.

We are not sure if leave of Court is required for the filing of this document – which is not related to the forthcoming June 18 hearing – but if such permission is required we request that it be granted because of the continuing importance of this issue.

We appreciate the Court's consideration in this matter. Copies of the report have been served on the parties and counsel of record.

Sincerely,

Michael S. Lottman
Chair
